

# Coosa Lodge Scouting Historian Award

## Introduction

As members of the Order of the Arrow, we are each uniquely obligated to “observe and preserve the traditions of the Order of the Arrow.” Unfortunately, our lodge has not done a great job of that. Until now.

## Award Scope and Objective

The purpose of this award is to incentivize and reward active participation in a robust, long-term, archive and preservation project on behalf of the lodge. The primary focus of this award is on the lodge and its history.

## Requirements

1. Training -- Teach or participate in a training program. This could be oral history, newspaper searches, scanning, digitization, etc.
2. Preservation -- Make a meaningful contribution to preserving our history.
3. Presentation -- Make a meaningful presentation on some part of our history.
4. Participation -- Participate in at least four digital Cracker Barrel programs.
5. Talk with the committee chair and/or adviser about opportunities for long-term participation in the lodge history program.

Upon completion of requirements, Arrowmen must attain the signatures in the area below and submit this form to the History Committee Adviser.

**Recipients must legibly print their name in the assigned area.**
